August 31, 2005

Honorable Jerry Kooiman
Michigan House of Representatives
P.O. Box 30014
Lansing, MI 48909-7514

Dear Representative Kooiman:

I thank you for your work with the advocates and program leaders to craft HB 5110 to address concerns about school-age programs and licensing. I support your efforts and encourage you to convey my support to your colleagues.

Several years ago, we tried to address the needs of school-age programs by revising P.A. 116. The solution did not seem to work as well as it was intended. Your work with the advocates and leaders of school-age programs has corrected many of the concerns that have arisen.

I thank you for your efforts and for your work to improve services for young children and their families.

Sincerely,

J. Mark Sullivan
Director
Michigan 4C Association
